

SUSTAINABILITY ACCELERATOR

Purpose-driven leadership – beyond compliance, towards real value.

What is Accelerator?

Empowering professionals and organisations to build inner capacities for lasting impact.

Grounded in the Inner Development Goals (IDGs) framework – nurturing the mindsets and skills to drive meaningful change for people, organisations, and the planet.

Key details

Upcoming Cohort: 13 November 2025

Format: Online workshops + Action learning

Duration: 6 modules over 4 months

Ideal For: Sustainability practitioners, leaders, and change agents

What You'll Experience

A transformative journey through workshops, peer learning, and real-world action.

Focus Areas:

Being – Authentic leadership, purpose & resilience

Thinking – Systems mindset & long-term vision

Relating – Empathy, cultural awareness & connection

Collaborating – Co-creation, inclusion & trust

Acting – Courage, impact & persistence

Outcome:

Gain practical tools, reflection, and real-world experience to lead with confidence and accelerate sustainable change.
